

# Worthington Park Off-Leash Area Permit Application

## WORTHINGTON PARK

Worthington Park is located at 8170 Hillsborough Road, off New Cut Road in Ellicott City. The Off-Leash area is open from 7am to dusk except for scheduled maintenance. You can call 410-313-4455 for an inclement weather/program status recording.

The 2.7-acre lower area is near the park entrance, has a separate section for smaller, timid or elderly dogs and has ADA-compliant access from the adjacent parking lot. There is also an upper area on the other side of Hillsborough Road. Look for signs telling you which area is currently being used.

To provide a safe environment for all dogs, the off-leash areas are surrounded by 6-foot high vinyl-clad chain-link fences with double gates. Water is available on-site at the lower area April 15 - November 1. The upper area does not have water.

For your convenience, you'll find Mutt-Mitt dispensers and containers for waste material. Please bring a water container (no glass) for your dog.

Area Use is not restricted to Howard County residents. However, all users must purchase an annual or daily permit. (Daily permits available on-site).

## Aggressive Behavior

---

**Dogs have very different styles of play.** Some are rough-and-tumble, some like to chase, bark or nip, and others prefer limited physical contact.

It is important to know your dog's style and be sensitive to other dogs and their owners. Always watch your dog closely and be prepared to intervene if your dog's play is making other dogs and their owners uncomfortable.

The solution may be to go to another area of the dog park or remove your dog and return another day. Conversely, if your dog is not used to exuberant contact with other dogs, please consider using the area reserved for young or timid and shy dogs.
